

Collecting Invisible Intelligence

by: **X-SENSOR PBIC**

X-SENSOR PBIC – more than an IMSI and Signal Intelligence – collector.

The remote controllable X-SENSOR PBIC collects real-time the IMSI, TMSI, IMEI and other characteristics from every detected wireless device.

The affordable X-SENSOR PBIC (Portable + Plug & Play Baseband Identifier Collector) has the ability to detect and identify wireless devices within the following cellular spectrums:

- **GSM**
- **EDGE**
- **4G LTE**
- **5G-Ready**
- **Multi in One**

including wireless:

BLE 3.x – 4.x – 5.x

WIFI 2.4 G – 5G

Designed for Law Enforcement Officers

Collect “invisible intelligence”. Starting today, you can use the Plug & Play X-SENSOR PBIC - which is available in various models and sizes, from covert portable to discreetly fixed integrable sets. All-including a comprehensive intuitive intelligent dashboard.

Instant Deployable + Easy to Use Signal Intelligence - IMSI Collection Technology

Without any technical knowledge, your officers can have the X-Sensor PBIC (Identifiers + IMSI Collector) up and running in just a few minutes.

With an operational range from 5 yards (mtrs) up to 250 yards (mtrs).

Available Deployment Models: Close Proximity portable investigations, Close Proximity fixed observations, Indoor fixed surveillance, Outdoor fixed surveillance, Portable long distance, Outside integrated sets, and so on.

Designed to remotely collect “invisible” signal intelligence from: Smartphones - Cell Phones - Burner Phones - Tablets - Phablets - Vehicles - Trailers - GPS Trackers - Smart Watches - Smart Wearables - Smart Cameras - Headphones - Earpods - And so on.

Providing your officers with real-time situational awareness + life-saving insights.

User-Friendly Intuitive IMSI Collector Dashboard

User-Friendly + Intuitive Remote Accessible Intelligent Dashboard

The PBIC comes with the comprehensive smart advanced X-SENSOR Dashboard with built-in automatic Correlation + Recognition + Observation capabilities and Collective Intelligence.

By using Artificial Intelligence and unsupervised Machine Learning, every officer has real-time access to factual intelligence from within the control room or from a remote connected laptop, tablet and smartphone.

Privacy-By-Design > IMSI + Identifier Collection

- Track the location of suspects by triangulation
- Identify suspects by verifying their IMSI + Identifiers
- Monitoring organized crime groups using IMSI Collection
- Collect factual digital forensic evidence and insights
- Replace traditional surveillance vehicles with SigInt
- Avoid surveillance camera blind spots
- Predict escalations during protests and riots
- Capture IMSIs from fast driving vehicles

X-SENSOR – more than an IMSI and Signal Intelligence – collector

Manage and monitor an unlimited number of Plug & Play X-Sensor PBICs remotely from one easy-to-use X-Sensor Dashboard. Compatible via interfaces with other intelligence programs.

Equip your officers with X-SENSOR PBIC to provide your officers with more and factual real-time situational awareness and life saving insights.
